30"	\$18,500	\$24,000

All Prices are exclusive of GST and freight
10% GST will apply

IS Turbo CL stitch regulator with needle down button (white) laser on/off (red) stitches per inch dial and speed dial. Controls on both front and back of the machine !

Only 4 drops of oil every 8 hours of continuous use. No oil reservoirs or complex places to get to.

Obvious thread path and tension device help you achieve your desired stitch quality.

9" florescent light for a perfectly lit work area. Switch out and insert a black light when needed.

Our famous hopping foot assembly is just right for rulers and guides.

Fully adjustable handles front and rear can be custom positioned to your individual needs.
